

MAI CAPACITY BUILDING PROJECT REPORT

Background

The Minority Advocacy Committee worked with RNT and Associates to complete the Minority AIDS Initiative Capacity Building Project for the EMA using the CareRARE methodology. The report has been drafted and was presented at the MAC meeting on February 10, 2006. The Minority Advocacy Committee will hold a planning session on March 10, 2006 to develop specific recommendations from the results of the report. Those recommendations will be presented to Care Council for approval at a later date. The Grantee will incorporate the recommendations into contracts for MAI providers.

Committee members received a draft copy of the report at the meeting on February 10, 2006. Copies were mailed to members who were absent at that meeting.

For additional information please contact, Georgette King at gking@usf.hsc.edu or (813) 259-8615.

Action Required

Develop recommendations to present to Care Council.
